## LINKERS

### Made up in half the time!

With a Hague Linker, your making-up is a real pleasure. Give all your knitted garments a truly professional finish, with the minimum of fuss.

4 versions are available: Hand-operated, Electric, Fine Gauge and Chunky.

**From £285**

## WINDERS & TWISTERS

### Take the effort out of winding...

Our range of Electric Yarn Winders takes the effort out of yarn winding. Choose from the **125 gram**, the **250 gram** and the **500 gram** winders; as well as the **125 gram twister**, which twists and blends the yarn as it winds.

**From £80**

## KNITTING ACCESSORIES

## TRICOT

### Makes life easy

The Tricot range of products include the "Not-a-Knot" yarn defect indicator bell that warns of knots & slubs.

The "De-Knit" stitch removal carriage will rapidly remove as many rows as required.

The Intarsia Multi-Yarn Brake ensures no more tangles on the floor, available in two types 16 or 32 yarn facility.

The "Antiloop" controls multi yarn feed, prevents loops & snarl-ups.

October 2008

## Dear readers...

Clair  
Crowston  
latest

**Your phone calls and letters have said it all;** without a shadow of doubt, **our new look is a resounding success** and I'm so pleased that many of you have taken time to pass on your comments. I have to admit that I was more than a little anxious as the subscription copies winged their way to you, but I needn't have worried and Nick and I can now start the fine-tuning. The **website is also being re-designed** to match

the magazine's new look and over the coming weeks, Matt will do it for me.

I'm very pleased to welcome back **Sally-Ann Carroll** to the magazine. She's always had her **finger on the pulse of today's fashion** and will keep us up-to-date with the latest trends. She'll show us how to give the jaded sweater we can't bear to throw away a new lease of life and it's also time to dig out a checked skirt from the back of a wardrobe. **Bold over-sized checks and a touch of tartan** are currently very fashionable and a plain sweater teamed with checks won't look nearly so boring. Phone numbers are given for stockist details and if you're in the mood to spend then have a quick read on **page 16** and head for BhS, CC (used to be Country Casuals) and M&S.

There's just time to remind you to join us at the **Castle Leisure centre in Bury on Sunday 5 October**. This is the only all-knitting show in the **North West** so do support it if you can because we need as many visitors as possible for it to remain viable. As before, the yellow AA signs will guide you in and you can also follow the brown 'train' signs for the East Lancs Railway just around the corner. It's a good opportunity to make it a family outing; the kids can see and ride on **Thomas the Tank Engine** (with a bit of 'old-fashioned' steam) and you can browse round the show at your leisure. There's still time to order advance tickets and if you do, you'll save £1 on the door price so send off for them today.

I've a busy month ahead as I get ready for **Metropolitan's Dream Week**, which takes place during the first week of September. It's a great time for machine knitters to catch up with old friends and make new ones and I'm joining in the fun, too so until next time, happy reading.

## Splash back

Sally Weekes is a young designer from Kent, fast making a name creating vibrant and unique pieces of functional art from wood and natural dyes. Her unusual beetroot and turmeric splash backs are now gracing kitchens and top designer Paul Smith is a fan. Taking six weeks to create, the colourful headboards and splash backs are shaped from wood and painted with natural dyes including beetroot, henna, turmeric and cochineal. She chooses wood from over 100 different species of tree. Each tree and each part of the tree is different, making no two pieces of her work the same. For more info, go to [www.sallyweekes.com](http://www.sallyweekes.com)

## No job too small

If you like to work on small crafts jobs, do look out for a lightweight portable sewing machine called the **JML Easy Stitch** that can be used to customise cushions, clothes and stitch patterns on cards. Even tough materials like leather and denim can be mended with its durable locking stitch. Unlike more cumbersome models, it's small and lightweight in size and can be packed away easily. Priced at £24.99 it's relatively cheap and on sale at ASDA, Boots, Debenhams, Woolworths and [www.JMLdirect.com](http://www.JMLdirect.com)

## New bookstore

The Textile Directory has announced the re-launch of the bookstore, which now stocks over 1500 specialist textile titles. Textile lovers can find books to help with projects or provide inspiration. To celebrate the re-launch, £100 worth of books will be given away and anyone wishing to enter the competition should order a book on the site, enter 'machine knitting' as the offer code in the general information section when prompted at the checkout. Hurry, because the competition closes on 26 September and to see the books visit [www.thetextiledirectorybookstore.com](http://www.thetextiledirectorybookstore.com)

We've just heard that next year's dates for **Creative Stitches & Hobbycrafts** at Aintree Pavilion, Aintree Racecourse in Liverpool are from 24 to 26 April 2009. For details visit [www.ichf.co.uk](http://www.ichf.co.uk)

**Trident** has sent us dates for their **Stitch & Creative Crafts Shows**. In 2008 there's **19-21 Sep** Sandown Park Exhibition Centre, Esher, Surrey. **28-30 Nov** Highland Hall, Royal Highland Centre, Ingliston, Edinburgh. In 2009 there's **22-25 Jan** Sandown Park Exhibition Centre, Esher, Surrey. **6-8 Feb** Manchester Central, Manchester. **12-14 Feb** The Centaur Centre, Cheltenham. **26-28 Feb** ExCeL, London Docklands. **16-18 Apr** King's Hall, Belfast. **23-26 Apr** Royal Bath & West Showground, Shepton Mallet.

## Countdown

We may still be waiting for Summer, but it's beginning to look a lot like Christmas as **Country Living Magazine Christmas Fair** returns to the Islington in November. The fair celebrates the best of British crafts with hundreds of exhibitors showing handcrafted and bespoke items not available on the high street. The dates are 12-16 Nov at the Business Design Centre, Islington, London N1 and the festive extravaganza then makes its Scottish debut from 20-23 Nov at the Scottish Exhibition and Conference Centre (SECC). For further information or to book tickets please call 08448-480 158 and visit [www.countrylivingfair.com](http://www.countrylivingfair.com) or [www.countrylivingfair.com/scotland](http://www.countrylivingfair.com/scotland)

## Soft spun Mirage

Last time we told you about **King Cole's Waves** and **Waves Multi**. The yarn is a blend of 30% wool with 70% premium acrylic and the fancy twist effect creates a novel fabric surface when knitted. There's also a second major launch from King Cole for the coming season and it's **Mirage DK**. This soft spun blend of 50% Superwash Wool and 50% Premium Acrylic is available in seven pretty and subtle variegated shades. Let's also remind you to join the **Pudsey** knit for this year's **Children in Need** and buy the leaflet for the 'new look' bear. The entire £2 price of the pattern will go directly to the charity.

# Machine Knitting Live!

Come and join us in Bury on the 5th October

Each October, **Machine Knitting LIVE!** is staged in the heart of the North West at the Castle Leisure Centre, Bolton Street, Bury (BL9 0EZ for those with sat nav). The date for your diary this year is Sunday 5th October 2008 from 10.00 am to 4.00 pm. It's a great 'all knitting' show with top exhibitors bringing along their yarns, patterns and accessories.

All the new seating is lowered to give lots of room for an informal lunch and time to enjoy the fashion show. Over the past few years, our fashion show has become increasingly popular. This year members of the Sweatshop Knitting Club return to bring us a show with pizzazz! We hope the Lord Mayor doesn't need our speaker's room this year, so we can hold free talks and the speakers will be on the notice board at the entrance when you arrive. Entry on the day for everyone will be £5.00, advance tickets cost £4.00.

## YARNS

Not every machine knitter is fortunate enough to have a local stockist with a good supply of coned yarn. So, if you'd like to re-stock your knitting room, you'll find lots to tempt you from

**Metropolitan, Riverside, Bennett Wools** and the button collection, **Undy Yarncrafts** and **Uppingham Yarns**. **Jane Woodward** will also bring along her lovely cashmere and quality blended yarn.

## MACHINES

There will be new and second-hand machines, together with a wide range of accessories for all machines. If you'd like to find out more about buying and using a knitting machine, come to Bury for expert advice from long-established and highly reputable companies such as **Metropolitan** and **Undy Yarncrafts**.

## CLUBS

This year we'll have club stands with displays of work and club members on hand to give you help and advice. The **Sweatshop Knitting Club** stand was very popular last year with lots of members on hand offering free help and advice. They'll also bring a selection of club projects to share with us all.

## DESIGNERS

Many of the UK's top designers come to Bury including return visits from **Ann Brown** and her lovely **Posh Frocks**, **Hilary Belton** with **Busy Bee** patterns and **Ann Baker** with **Karabee Designs**. This year we won't see **Beryl Jarvis**, because she's helping at a tournament cheering Jeffery along. However, **Clair Crowston** will bring her increasingly popular designs. For the first time **Sue Booth** joins us and it's always good to welcome a new face. Sue has been machine knitting for 36 years and teaching the subject for 28 years. She started writing and selling patterns several years ago and has 33 at the moment. They cover a wide range of sizes and are knitted in various yarns. We also welcome back **Elaine Cater** and she hopes to have finished a new book in time for the show.

# Ideal for beginners

With the festive season looming, try something new to impress friends and family. This month's selection of craft books from Search Press includes great savings for our readers

**The Encyclopaedia of Knitting and Crochet for Blocks, Blankets and Throws by Luise Roberts**

Clear, step-by-step photographs and instructions guide us through all the skills we need to make beautiful blankets and throws from basic knitting and crochet stitches to Fair Isle and intarsia techniques. We learn how to read patterns, adapt cross-stitch graphs and chart our own designs. The book includes an inspirational gallery of designs and motifs with complete stitching instructions, cross-referenced to the techniques within the book.

## New range

**Traidcraft's** new Winter 2008 catalogue is now available. There are over 110 pages packed with more than 400 products produced all over the world to offer probably the UK's widest range of fair trade products. All products are available on line or by ordering a free catalogue from **Traidcraft plc, Kingsway, Gateshead NE11 0NE Tel 0191-491 0591 Website [www.traidcraftshop.co.uk](http://www.traidcraftshop.co.uk)**

## Memorabilia

**20th-Century-Collectables.com** is a new web-based business, dealing in collectables and memorabilia of interest to women. The business aims to stock a wide range of original goods including girls' comics and annuals, teen magazines, women's magazines, vintage costume jewellery and fashion accessories, household linen, vintage knitting patterns and vinyl records. Whilst the main focus will be on items from the 1950s to 1980s, they'll also stock items of interest from earlier decades.

Let us know about your club, classes or courses. We're all interested in fund-raising, fashion shows and special events so write to Clubline at the address on page 3 or e-mail us at [mail@machineknittingmonthly.net](mailto:mail@machineknittingmonthly.net)

## Undy Yarncrafts

Undy Yarncrafts, just 5 minutes from the Severn Bridge in Wales, is packed with coned yarns – acrylics, shetlands, lambswools, cottons, fancy yarns and branded yarns. We now stock a range of our own branded yarns – mostly wool and wool blends. DesignaKnit and Silver Reed stockist, spares, accessories and servicing for most machines. Hand spinning, weaving and dyeing supplies – in fact yarns for all occasions.

Ample free parking. Free refreshments. Club visits welcomed day, evening and weekends.

## Nottingham Show date

Alan Hunt has called to let us know that next year's **Nottingham Show** will take place on **Sunday 5 April 2009** from 10.00 am to 4.00 pm. The venue is still the Harvey Hadden Sports Centre in Wigman Road, Bilborough (NG8 4PB if you have Sat Nav) just five miles from Junction 26 on the M1. We'll pass on more details as they become available, but if you'd like to get in touch, his address is **Alan Hunt, 57 Burnside Drive, Bramcote Hills, Beeston, Nottingham NG9 3EF**  
Tel 0115-922 3654

## Charity knitting

**Rosemary McCarthy** writes from Sandown on the Isle of Wight to tell us that Newport (Isle Of Wight) Machine Knitting Club supports a few charities during the year and one of them is the Chernobyl Link. Some readers may know of this charity, which brings groups of children from Belarus to the UK for a month each year to help improve their immune systems and reduce their levels of the deadly caesium 137. This causes the growth of cancer cells from living in a polluted country. The ground is contaminated with radiation, as is everything they grow and eat. Farm animals eat the grass and then children and parents eat the animals and crops, so it's become a vicious circle. A group of these children are brought to the Isle of Wight each summer and in recent years our club has been knitting jumpers, cardigans and accessories for the children. Last year 15 children came over

and we try to ensure that there are two garments for each child. At the time of writing in August, 13 children are visiting the island.

You'll see the knitwear we've produced on the enclosed photograph and this year we've exceeded our target. However, every single item goes back to Belarus to be given to members of the family, passed to others in need or sold to buy food. This is just one of the reasons we support this very worthwhile cause. Julia Lock of the charity is second from left in the photo, with Club Leader Margaret Fisher third from left. The club meets in Newport (Isle of Wight) on the first and third Thursday each month from 7.00 to 9.00 pm and Margaret's telephone number is 01983-292034 if there are any budding new members on the island! If any reader is interested in learning more, the website for the charity is [www.chernobyl-children.org.uk](http://www.chernobyl-children.org.uk)

**Attention all Club Secretaries!** Why not treat yourselves to a day out at one of these great venues? Whether it's a trip to stock up on yarn or a day out at a show, there are bargains to be had and plenty to be learned, so don't put it off any longer – call up today

## Riverside Spinning

We will come to you, **at your convenience, at a time to suit you and your members.** You can enjoy our talk on the practical side of spinning, the value of understanding raw materials, yarn production, use of special effects and more. It's great fun, interesting and informative. **We bring our yarns, designs and create a mini-fashion show.** Book now by telephone - we cover the whole country. For club visits and exhibitions, please contact Chris Brennan at Riverside at the new address:

**Chris Brennan, Riverside Spinning, 31 Braybrook Court, Bradford, West Yorkshire BD8 7BH Tel:- 07891 112471**

## Change of venue

After telling us last time about committee changes at Carbery MKC, **Fay Carroll** has let us know that the venue for club meetings has changed to St George's Church Hall in Jumpers Road, Christchurch, Dorset. Old friends and new knitters are most welcome and you can call Fay on 01202-421886 for more information.

# Dear Anne

This month our readers have lots to tell and share. If you've a favourite suggestion, a story to tell or a point to make then share it with us by writing to Anne at the usual address on page 3 or e-mail [mail@machineknittingmonthly.net](mailto:mail@machineknittingmonthly.net)

## Nudge, nudge

*Barbara Tulip writes again from Canada to say:*  
Dear Anne

Since my last letter, I'd like to thank you for an increase in Passap articles. The irony of this is that, in desperation, I went out and purchased a used but in excellent condition Singer/Studio 360 standard punchcard. (I think in the UK it's called a Knitmaster.) It has a ribber (not touched yet) a lace carriage, all the punchcards and all sorts of other 'things' that are still in their boxes. I'm having a marvellous time trying out all the patterns that these cards produce and can't wait to start on the lace carriage. I was also delighted to see the series on the ribber, as mine is the SRP50 they talk about and hopefully it will be helpful. My friend who has a bit more cash has bought the 700 and sold her Passap E6000. I really had to laugh, as she's 20 years younger than me and hated all the electronics! So now we both have punchcard machines, but I still have my E6000 and haven't quite given up on it yet.

You asked about anyone being interested in a series on Pam Turbett's Cut & Sew and I'd love it. I just missed her two books on eBay so I'm anxious to hear if you're going to print the articles again. While in England I bought

some Yeoman Cannele Cotton and some Panama and would love to see some designs, especially for Cannele. I also bought a King Cole DK Pattern No. 3028 and just love the one button cardigan although it has a lot of garter stitch in it so perhaps I should have got a Brother with a garter carriage! As a hint, you might just like to turn that cardigan into a machine knit pattern?

Kind regards from **Barbara Tulip in Canada**

## THANKS A MILLION

*Pat Gregory sent another e-mail to say:*  
Hi Anne

I was very surprised to see my letter in this month's MKM and thank you for the very easy-to-follow instructions for the buttonholes. They had been tried and put to use by lunchtime on Saturday and that's not bad going, as we only got back to collect the post at 11.30 am! I like the new MKM layout, but it will take a little while to get used to it. As always I enjoyed the first 'speed read' of the mag and have picked out at least one jumper I'll make - will go back for a detailed read this evening, much more interesting than the Olympics!

Many thanks from **Pat Gregory**

## THRILLED WITH THE NEW LOOK MKM

*Edna Cahill enjoyed our new look and writes:*

Hello Anne

I was thrilled to see the 'new' MKM with all the colour! The patterns have always been most inspiringly colourful, but colour background for the 'rating' is good because it catches the eye so much more easily and the diagrams are also clearer. What's best is that the printing on coloured backgrounds is also clear. So many magazines have illegible printing because they've not considered

GRACE THOUGHT IT WAS GOING WELL TILL  
SHE REALISED THIS WAS THE SLEEVE.

## Metropolitan

Metropolitan supplies all items for the machine knitter **from just a needle to a full machine**. An excellent range of machines, yarns, books and accessories is always available. **We specialise in tuition** and offer Residential Courses, Correspondence Courses, a Knitting Club and a DesignaKnit Club. We are open from 10.00 am until 4.00 pm each day, except Sunday. If you wish to bring your club, please contact us first to arrange a date so that we can make you especially welcome.

## Friends remembered

**Jean Clements** writes from Stockport in Cheshire to ask us to pay tribute to **Helen Ashton**, who passed away very suddenly on 29 July 2008. Helen has been the mainstay of Romiley MKC in Woodley, Stockport for a long time. Her demonstrations, enthusiasm and knowledge of the craft interested and inspired many to take up machine knitting. If there was a problem to sort out, Helen could always help. She'll be sadly missed by a great number of people involved with machine knitting in the North West. We join Jean in sending sincere condolences to her family and friends at this sad time.

**Michael Elliott** telephoned to let us know that his mother, Doris Elliott, died peacefully in her sleep in hospital on 30 July 2008. She was 76 years old and would have been 77 later this year. Most knitters in the North East will have known Doris and her support for machine knitting spanned very many years. In the 'glory days' of machine knitting she ran many classes and courses and had latterly devoted much of her time to charity knitting. Until recently, she travelled far and wide to visit knitting exhibitions and made many contributions to MKM. Doris is survived by her husband and three sons and we also extend our sincere condolences to her family and friends.

A US Published Magazine Dedicated to Machine Knitters. Issues are filled with a variety of patterns for assorted brands of knitting machines. MACHINE  
**KNITTING**  
MONTHLY

# Fashion tips

In fashion terms, designers are preparing to show off their Spring and Summer 2009 ranges but in the real world, we're once again looking at our winter wardrobes. How can we adapt last year's styles and which knits will still look fashionable? **Sally-Ann Carroll** gives us a few tips on how to look bang on trend!

## Clan-tastic

Have you a plain sweater that frankly now looks boring? Add a touch of tartan and, hey presto, you'll fall in love with it all over again. Bold over-sized checks are currently very fashionable and if you've a checked skirt sitting in the back of a wardrobe, get it out quickly.

**Tartan skirt**, £70. **Lace collared jacket**, £69.50. Both in sizes 8 to 20, by per una at Marks & Spencer (0845-302 1234)

## Tunic time

Yes, the good news is that tunics are still tops for winter. They cover up a multitude of sins and can be worn with both trousers and skirts. Made up in pure silk, this plush purple tunic would look fabulous worn with your favourite black knitted evening skirt.

**Purple silk tunic**, £60, in sizes 8 to 18. **Necklace**, £25. **Belt**, £25. All by CC (01845-573120)

## Tweedy days

A well-cut trouser suit will become the pivot of your winter wardrobe. Just think of all those different sweaters that can be worn underneath. Gain extra mileage and wear the jacket with one of your knitted skirts. This is a great look for both town and country.

**Jacket**, £69.50. **Trousers**, £45. **Black top**, £21. All in sizes 8 to 20, by per una from Marks & Spencer (0845-302 1234)

## Take a bow

Not sure whether to ditch that cardie? Try wearing it with one of the latest pretty blouses and you'll be surprised how different it will look. It will also give a knitted skirt an injection of style and make you feel oh so feminine. Don't forget a pair of colourful leather gloves – they're in every high street store this winter.

**Claret pussy bow blouse**, £25, in sizes 10 to 18. **Beret**, £10. **Gloves**, £15. All by BHS (0845-196 0000)

## Lady in red

If you've knitted anything at all in red and you still have it, you're in luck. Tomato is the shade to be seen in and looks utterly delicious teamed with glossy jet black. Knit yourself a red scarf for winter, it will keep you warm and look the part.

**Red jacket**, £149. **Skirt**, £79. **Sweater**, £59. All in sizes 8 to 18, by Precis Petite (0191-521 3888)

## Fake it!

A fur gilet makes a chic alternative to the winter coat. It will also give that jaded sweater you can't bear to give away, a new lease of life. Styles are short and cropped to be worn over a longer length blouse, tunic or jumper.

**Faux fur gilet**, £49. **White peasant blouse**, £18. Both in sizes 10 to 18. **Beads**, £10. **Paisley print blouse**, £25. **Jeans**, £20. All in sizes 10 to 18. **Boots**, £65. All by BHS (0845-196 0000)

# DRAMATIC DRAPE

Classics take on new life with the **Carl Boyd** touch and even new knitters will want to try this one

## Pattern rating

Fairly easy for knitters with a little experience.

## Machines

This pattern is suitable for standard gauge machines with a ribber. Garment illustrated was made on a Brother 965 electronic.

## FRONT

Work as given for Back until RC shows 112. Push all Ns at left of centre to HP and switch carriage to hold. Note »

A woman with voluminous, curly blonde hair is smiling at the camera. She is wearing a light blue, textured knit sweater with a prominent cowl neck. The sweater has a subtle V-neckline detail at the base of the cowl. She is standing outdoors, with a brick wall visible on the right side of the frame and a blurred green background. The lighting is soft and natural.

**“You can’t  
help but fall  
in love with  
the beautiful  
drape of this  
classy cowl”**

« that all decreases on neck edge are worked fully fashioned using a treble transfer tool and dec 1 st at neck edge on every 3rd row until RC shows 132.

**Shape armhole** Still dec every 3rd row at neck edge, cast off 5 sts at beg of next row, K 1 row. Cast off 4 sts at beg of next row, K 1 row. Cast off 3 sts at beg of next row, K 1 row. Cast off 2 sts at beg of next row, K 1 row. Place marker at neck edge. Dec 1 st at beg of next and foll alt row 6 times. (20 dec have been worked and RC shows 152.) Cont to dec on every 3rd row at neck edge and K until RC shows 168. Place marker at neck edge. K 4 rows. Now dec 1 st at beg of next and every foll alt row until RC shows 196. Place marker at neck edge. Cont to dec and knit until RC shows 224, when you should have 10 [14, 18, 22, 26] Ns in WP.

**Shape shoulder** Cast off 5 [7, 9, 11, 13] sts at beg of next row, K 1 row. Cast off rem 5 [7, 9, 11, 13] sts.

## SLEEVES

Push 96 Ns to WP. Using WY cast on and K several rows then break off yarn. Set RC at 000 and tension dial at 7. With MY in Feeder A, inc 1 st at each end of every 10th row and K until RC shows 124. (120 Ns are in WP.)

**Shape top** Cast off 5 sts at beg of next 2 rows and 2 sts at beg next 4 rows. Dec 1 st at each end of next and every foll alt row 3 times. Dec 1 st at each end of next row, K 3 rows. Dec 1 st at each end of next row, K 5 rows. Rep last 6 rows once more. (RC shows 152 and 15 dec have been made at each side.) Now dec 1 st at each end of next row, K 3 rows. Rep last 4 rows 4 times. (RC shows 172.) Dec 1 st at each end of next and every foll alt row 5 times, then 1 st at each end of every row 12 times. (RC shows 194 and 37 dec have been made at each side.) Leave about 1 metre/yard of spare yarn and break off. Remove rem 46 sts on WY.

**Gather sleeve head** Block sleeves and press according to yarn label. Push 23 Ns to WP on main bed. With wrong side of sleeve facing and working across 46 sts on WY, place 2 sts on each N and then cast off using the spare yarn.

## CUFFS

Push 64 Ns to WP on both beds and

arrange for 2x1 rib. Using MY, cast on and knit selvedge. Set RC at 000 and tension dial at 2. K 34 rows and transfer sts to main bed. With wrong side of sleeve facing pick up sts on to Ns as follows: place 1 st on first N, 2 sts on next N; rep this sequence to end. K 1 row and cast off.

## COWL COLLAR

Push 22 Ns to WP. Using WY, cast on and K 4 rows. Set tension dial at 7 and using MY, K 3 rows. Break off yarn, K several rows of WY and remove from machine. Make another piece exactly the same and put both pieces to one side. Push centre 2 Ns to UWP and cast on using e-wrap method. Set tension dial at 7, K 2 rows and hang a claw weight. Set RC at 000. Inc 1 st at each end of next and every foll alt row and K until RC shows 25. Place marker at each end of row. Still inc as before, K 3 more rows to RC 028. (30 Ns are now in work.) Inc 1 st at each end of every row until RC shows 050. Place marker at each end. Still inc as before, K until RC shows 075. Place marker at each end. Still inc as before, K until RC shows 100. (174 Ns are now in work.) Place marker at each end of row. Dec 1 st at each end of every row, K 22 rows. (130 Ns are now in work.) Now take the two pieces set

aside and pick up one on each side so there are 87 Ns in work on each side. K 44 rows and cast off.

## MAKING UP

Block all pieces to shape and press according to yarn label, avoiding ribs. Sew deep 'V' of cowl into front, matching markers and then press seam. Join shoulders and press. Using mattress stitch join together the two extensions, which are the back neck collar and press seam. Pin back collar to back neck, placing seam at centre back and overlap neck edge by the three extra rows. Unravelling waste yarn as required, attach by backstitching through last row of main yarn. Fold collar to inside and slip stitch back neck only into place between shoulder seams, taking care not to fold collar off grain. Join side and sleeve seams then press. Set sleeve into armhole and lightly press. Put sweater on and adjust folds as shown in photograph. The inside fold (hem) will be deeper than the back neck hem and once you've arranged it to your satisfaction pin very carefully or, better still, ask a friend to do it. Lay the sweater on a blocking board, arrange the folds and steam well without allowing the iron to touch the knitting. Leave overnight to dry. ■

Maggie Andrews made Dorset buttons for this quick 'n' easy shrug in Bramwell 4-ply

## PATTERN RATING

Easy to knit.

## MACHINES

This pattern is suitable for standard gauge machines with a ribber. Maggie used a Silver Reed 840 with an SRP60 ribber.

## MATERIALS

### Bramwell Fine 4-ply

75 g in Main Yarn (MY).  
3 small buttons.

For further information about this yarn, please write to F W Bramwell & Co at Old Empress Mills, Empress Street, Colne, Lancashire BB8 9HU or telephone 01282-860388

## GARMENT WEIGHT

Finished garment in second size weighs approximately 68 g.

## MEASUREMENTS

To fit chest 64 [69, 74] cm, 2S [27, 29] in (close fitting).

Length to shoulder 24.5 [25.5, 25.5] cm, 9¾ [10, 10] in.

Sleeve seam 2.5 cm, 1 in.

Instructions are written for the first size, larger sizes follow in brackets. If only one figure is given, it applies to all sizes.

## TENSION

30 stitches and 40 rows to 10 cm, 4 in measured over stocking stitch (tension dial setting approximately 6).

For perfect results, please check your tension carefully. »

## « ABBREVIATIONS

For a list of the abbreviations we use, please turn to page 62.

## NOTES

We used knit side of knitting as right side of garment. When shaping in HP, always take yarn round first inside N in HP, to prevent a hole forming. The making up has been worked entirely on the machine and it's an interesting technique to try as an alternative to sewing up knits. Photocopying or reproducing all, or any part of this pattern is strictly prohibited. This pattern is copyright and is published for the use of private individuals. The use of it for commercial gain is forbidden without prior written permission from the designer.

## DORSET BUTTONS

Maggie used handmade miniature Dorset buttons based on a button in her leaflet **Buttons to Match**. For UK readers, this is available for £2.50 including postage and packing from **Maggie Andrews at 79 Hookfield, Harlow, Essex CM18 6QQ**. Overseas readers should order on her website and everyone can visit it for free patterns, free lessons, hints and tips and details of all her books and leaflets at [www.maggieandrews.supanet.com](http://www.maggieandrews.supanet.com)

## NOTES

We used knit side of knitting as right side of garment. The front neckline is shaped, but can be worked using cut and sew method (knit Front as for Back). Mark neckline with running stitches, then work a zigzag stitch with a sewing machine. Cut out the shape, leaving the stitches on the garment. Photocopying or reproducing all, or any part of this pattern is strictly prohibited. This pattern is copyright and is published for the use of private individuals. The use of it for commercial gain is forbidden without prior written permission from the designer.

## LEFT FRONT & BACK NECKBAND

Handle down. Orange strippers.

Set up 114 [114, 126, 126, 126] Ns on front bed at centre of machine in WP.

Work as for Right Front Neckband from \* to \*.

## ARMHOLE BANDS

Handle down. Orange strippers.

Set up 138 [138, 156, 156, 156] Ns on front bed at centre of machine in WP.

Work as for Right Front Neckband from \* to \*.

## PRESSING

With wrong side facing, block knitting by pinning out all pieces to measurements given. Set a steam iron to a fairly hot setting with maximum steam, allow the steam to do the work by just hovering above the garment section while the steam penetrates the fabric, but do not touch the actual

knitting with the iron. This will set the stitches. Allow each section to cool before removing pins. Press carefully following spinner's instructions or cover with a wet cloth and leave until dry if pressing is not recommended. Allow to dry in shape before removing the pins. Do not steam rib sections of garment.

## MAKING UP

Join left shoulder seam.

With the garment right side out and front facing you, take the long piece of neckband and place it evenly across the back neck and down the left side of the 'V' shaping. Pin it into place, now take the short piece of neckband and place it evenly down the right side of the 'V' shaping. Pin it into place. Check that they are evenly spaced, sew into position removing the waste yarn stitch by stitch as you go enclosing the edges of the knitting and making a really neat neckline.

Join the right shoulder seam.

Sew the neckband seam with mattress stitch at the shoulder, join the mitre with a normal seam matching the ribs. Turn garment inside out and catch the corners down. Attach the armhole bands by folding each in half and place the fold on the shoulder seam, space the bands evenly round the armholes and sew into position. Join side and band seams matching the ribs. Finally steam carefully making sure you do not touch the actual garment with the iron. ■

KNITWORDS KNITTING MAGAZINE is now available here in the UK by mail order from me. If you have been searching for inspiration or just looking for a new angle on machine knitting, then KNITWORDS is for you. (I liked it so much, I thought other knitters would enjoy reading it too.)

Published 4 times a year, the magazine is edited by Mary Anne Oger, a knitwear designer and teacher. Her aim is to produce a magazine that will inspire, excite and entertain. Whether you are a beginner or have been knitting for years using a simple punch card machine or the latest electronic model, this is the magazine for you. A year's subscription is £27 (£31 Outside the UK) which includes postage. KNITWORDS is published in May, August, November and February.

# LACE IN GARTER

Nina Miklin's feminine classic is a timeless piece of knitting and attains a new elegance knitted in super kid mohair

## PATTERN RATING

Fairly easy for knitters with some experience.

## MACHINES

This pattern is suitable for Brother standard gauge punchcard or electronic machines with a ribber and garter carriage.

## MATERIALS

**Nina Miklin Milan**

1 x 200 g cone in Main Yarn (MY).

7 buttons for round neck or 5 buttons for V-neck.

*The fibre content of Milan is Super Kid Mohair. For further information please write to Nina Miklin at PO Box 32503, London W3 8GD or telephone 020-8740 3599.*

## MEASUREMENTS

To fit small [medium, large, extra large].

To fit bust 76-82 [87, 92-97, 102] cm, 30-32 [34, 36-38, 40] in.

*Instructions are written for the first size, larger sizes follow in brackets. If only one figure is given, it applies to all sizes.*

## TENSION

30 stitches and 45 rows to 10 cm, 4 in measured over garter stitch pattern (tension dial setting approximately 5 on a Brother 891).

*For perfect results, please check your tension carefully.*

## ABBREVIATIONS

For a list of the abbreviations we use, please turn to page 62.

## NOTES

We used the side facing you when knitting as right side of garment. Before knitting, prepare any punchcards or electronic sheets needed from the charts provided. Note that punchcard patterns, as shown, may have to be repeated until the card is a suitable length for knitting. Punchcards require two rows of holes punched to start and finish of card for joining. On electronic machines, place pattern over centre 0. For all ribbing, put the slide lever on

the ribber on 11 for the whole of the ribbing.

# SQUARE DANCE

Clair Crowston's top packs plenty of punch and the colour choice in **Yeoman Panama** is terrific

## PATTERN RATING

Fairly easy for knitters with some experience.

## MACHINES

This pattern is suitable for standard gauge punchcard or electronic machines. The garment was made on a Silver Reed 360.

## MATERIALS

### Yeoman's Panama

1 [1, 1] x 500 g cone in Main Yarn (MY).

The fibre content of this yarn is 50% Cotton, 50% Acrylic. For further information, please write to Yeoman Yarns at 36 Churchill Way, Fleckney, Leicestershire LE8 8UD or telephone 0116-240-4464.

## GARMENT WEIGHT

Finished garment in first size weighs approximately 335 g.

## MEASUREMENTS

To fit bust 82-87 [92-97, 102-107] cm, 32-34 [36-38, 40-42] in.

Actual size 91.5 [102, 112] cm, 36 [40¼, 44¼] in.

Length to shoulder 70 cm, 27¾ in.

Sleeve seam 10 cm, 4 in.

Instructions are written for the first size, larger sizes follow in brackets. If only one figure is given, it applies to all sizes.

## TENSION

31 stitches and 40 rows to 10 cm, 4 in measured over stocking stitch (tension dial setting approximately 6+).

For perfect results, please check your tension carefully.

## ABBREVIATIONS

For a list of the abbreviations we use, please turn to page 62.

## NOTES

We used knit side of stocking stitch and purl side of weaving as right side of garment. Before knitting, prepare any punchcards or electronic sheets needed from the charts provided. Note that punchcard patterns as shown, may have to be repeated until the card is a suitable length for knitting. Punchcards require two rows of holes punched to start and finish of card for joining. »

« On Silver Reed electronic machines. Place needle 1 cam between Ns 12 and 13 at left or right of centre 0. Press button 1 (left light on) and button 2 (left light on for 580 and SK 840 machines, right light on for earlier models). On Brother electronic machines, place pattern over centre 0. Wind off two small balls before the start of work for weaving. Any thicker yarn can be used for the weaving including braid, if preferred.

# Small is beautiful

Having had a bit of a break from knitting lately, **Joan Lafferty** is back at the machine with a vengeance – so let's find out why

The church is putting on a 'Hobbies Day' shortly and I offered my collection of thimbles - not that these are knitted of course. I also said I would do a knitting display and suggested that I should sell the items, since a similar display on a stall a couple of years ago had done so well. I was given permission to price my goods. So far I've made a Boy Elephant and a Girl Elephant, a Boy Doll and a Girl Doll, a Pig and a Rabbit (this with fluffy white yarn and pink inside the ears), a Teddy Bear and my Bride and Groom with the Vicar. Perhaps I should mention that none of these is above four inches tall.

## WEDDED BLISS

There's a story about the latter trio and if I've told this story before please forgive me, but there are always new readers joining us over the years. I used to take a stall at an indoor market and had one lady who bought lots of garments for her grandchildren. We got to be quite good friends and one day she told me she was going to a wedding, so I knitted a bride and groom. She bought these, but some months later confessed that she could not bear to part with them, so they were in her display cabinet.

"I'm a bit worried", she informed me. "I'm not sure they are properly married, so could you knit a vicar?" This was a bit of a challenge, because

I usually adapt a pattern I've seen somewhere before and I'd certainly never seen a knitted vicar. Eventually I made one and she was delighted with it and since then I've made this trio many times. I decided that I should include one for my church display and even wrote a verse about the vicar. *I'm a knitter, I've knitted a Vicar, With surplice and cassock and all. He's round and rosy and ever so cosy, But only stands three inches tall.*

Thinking about my market stall and marriages reminded me that the Registrar for Births, Deaths and Marriages had her office in a room above the venue where we held our market. On a number of occasions I've been called on to act as witness for couples who had no one with them to take on this task. The Registrar got to know the stallholders and preferred to ask one of us, rather than drag someone in off the street. I was often chosen because I rarely had large queues, as did the folk who sold greetings cards, cakes, plants and flowers. Once (and only once!) a bridegroom offered me a £10 note for my services and would not take 'no' for an answer so I thought it only right to give it to the church treasurer!

## ANGEL DUST

Another story about the market springs to mind. My colleague, who sold greetings cards, seemed to be having a bit of an argument with a gentleman. I couldn't hear what they were saying, until finally she said in a loud voice, "you'd better go and talk to the lady with the knitting stall". So the man ambled over to me and informed me that as Easter

was approaching she was displaying Easter cards and ones with angels on them.

"Angels are for Christmas, not for Easter", he told me. I rather guessed

he was not a regular church goer, but gave him the benefit of the doubt. I tried to think of how angels would fit in to the Easter story and the words of a hymn came to mind, "Angels in bright raiment rolled the stone away". So I said, "I'm sure you remember the hymn..." and quoted these lines. Exit man with proverbial tail between legs, which begs the question, "Why did my colleague send him over to talk to me? I don't spout scripture at my fellow stall holders"!

Talking of my stall also reminds me of another lady who bought a tea cosy from me and marched out of the door wearing it as a hat! I couldn't see if her ears protruded through the holes, but it reminds me that a tea cosy would do nicely for my new display.

## TINY TOTS

The knitting is going well; I've already sold a boy elephant even before the event. My neighbour told me her grand-daughter was coming to visit and bringing her 3-month old son. So my neighbour said she must go to the shops and find some small present for him.

"How about a Teddy Bear?" I asked. Like all my little items, he is only about three inches tall. I made one for a friend of my daughter when she had her first baby and was rewarded with a photo of the little girl asleep in her pram with the teddy clutched in her tiny hands. So I showed my neighbour all I had made and she chose the boy elephant, rather than the teddy. I know elephants are popular, although the arms and legs are a bit fat for tiny fingers, so the poor animal is usually held by the trunk!

## UNDER COVER

While the TV is on in the evenings I usually do a little crochet, so I decided to make a cushion cover. The idea came to me whilst I was watching an advert; because there was a tea pot in view covered with a tea cosy made of crochet squares – but don't ask

Hats or Teacosies?

"I've got the ring, but have you remembered Joan's £10?"

Angels aren't just for Christmas

## “I’m a knitter, I’ve knitted a vicar, with surplice and cassock and all. He’s round and rosy and ever so cosy, but only stands three inches tall”

me what they were advertising! So I set about making crochet squares and decided 16 would be about the right size. I must say I’d prefer to do a blanket, where we keep on going round and round, but I quite liked the squares when sewn together. I decided to do a knitted back, partly because it was quicker, and would be more ‘solid’ in use. I didn’t cheat and guess at the size, but did the requisite tension piece and let it rest for a while. Naturally, the piece of knitting would need to have a ‘proper’ cast on edge, which was a bit of a nuisance because my sight is not as good as it was and the needles and gate pegs melt into one another at times, being the same steel colour. So it is necessary to give the machine a rest and have a cup of coffee or something. Fortunately I can touch type and so I’ve been writing some of this in between knitting.

This then made me think about casting on. With my little figures I do a weaving cast on, which gives me an end that I can draw up for such things

as the tops of heads and beginnings of hands and legs, according to which way I’m starting. For the tension piece I just do one row with waste yarn across the needles, holding it down with the nylon cord for the first four rows. Then sometimes a closer cast on edge can be achieved by just winding the yarn round the needles, again holding down for four rows with the nylon cord. I do this when making the opening for the spout of the teapot, having first cast off about 12 stitches and I then cast on over the same 12 needles.

### BACK STAGE

I decided my backing for the cushion cover needed a firmer cast on, because I intend to join the front and back together with crochet, finishing with a crochet trim. I know I could put the two pieces together, join them on the machine and then do a knitted trim on the outside. Nevertheless, I decided the finished article would look better if finished with crochet. Had I

been making a knitted cover, I’d have knitted yards and yards (or should I say ‘metres and metres’) of lacing cord - but somehow that doesn’t have the same ring to it.

So for casting on my backing piece I used the crochet method. For new knitters this consists of making a loop and placing it on the latch tool. Then we bring this tool, complete with loop, up between the first and second needles, placing the end of yarn in the hook and drawing through the loop on the tool. Continue in this way to the end. This doesn’t actually make stitches on the needles themselves, but makes a firm edge between each needle. I started on this cast on, but after about 30 needles I found I couldn’t see well enough to continue, so I had to do it in about five sessions. Once finished, it fitted the crochet front perfectly so for anyone who is tempted to do without a tension piece - don’t! I must close now; I have an appointment with a policeman, a postman and a fireman! ■

# Life in Brisbane

Many readers will remember that **Irene Krieger** and her husband Reinhard left the UK for retirement in Australia in November 2006 and Irene has written again to bring us up-to-date

## Hi everyone

I think I might have mentioned that for a while we've wanted to spend a few days exploring Melbourne and the surrounds and recently we had the ideal opportunity. As we arrived in the late afternoon, we headed into the country to avoid the rush hour and were shocked at the dryness of the countryside. Southeast Queensland has huge drought problems, but we get fairly regular rain and everything is usually quite green. Victoria doesn't have the water supply problems that we do, but it doesn't rain very often. Brown and crispy hills roll to the horizon and you really wonder what the sheep and cattle can possibly find to eat!

## WILD WEST

Ballarat is the nearest big town to the airport so we made that our base for two nights and what an interesting place it is! It's an old gold rush town, so it has a bit of a feel of the Wild West about it. However, there's a lot of money around and it shows in the many beautiful churches, mansion

style homes and schools. Best of all, they've recreated a gold rush town on a hill behind the city. Obviously, it's a bit touristy but definitely the thing to see in Ballarat. We were expecting to spend a couple of hours max, but actually stayed all day. It was just fascinating and put together incredibly well. They really have constructed a whole town from period buildings they've gathered from all around the state. There's a main street with everything you'd expect including a bank, general store, funeral parlour and hotel as well as a butcher, baker and candlestick maker. Best of all, everything was staffed by people in costume and, where it was practical, they were proper working businesses. So, you could buy bread and cakes and biscuits cooked in a wood oven at the bakery. Horse carts drove through the streets and to add atmosphere, visiting groups of school children and their teachers were given period costumes to wear.

## GOLD RUSH

All the gold mining businesses and machinery were also working, so we

saw ore being crushed and ingots being poured. We panned for gold, walked around a miners' tent town and even were able to go underground into one of the old mines. It was dark and scary but I'm glad I did it because, until then, I'd never realised just how terrible the working conditions were for the miners.

There are three wine growing areas butting up to Ballarat; Ballarat region (not really known much outside Australia) and the Grampian and Victorian Pyrenees. So after Ballarat, we had a couple of nights based in a cottage at a winery. It was really great - tasting a bit, eating a bit (well OK - a lot) and just generally relaxing. Once again, we were shocked at the terrible drought conditions. Vineyards are normally lush green places but not in Victoria at the moment. You can't understand how they manage to get fruit off the vines when the plants are bright orange and crispy, but they seem to be able to manage.

## LET'S GO WALKABOUT

After the winery, we had four nights in Melbourne and because we didn't pull our fingers out to get accommodation until about a week before we left, we were not able to stay all four nights in the same hotel. We lost track of the fact that it was the Anzac day weekend, which would have been a problem in itself, but there was a huge footy match on the Saturday as well as a Foo Fighters concert, so we had to do a bit of furious scratching around the Internet to get a bed. In hindsight it worked out quite well because if we'd

had the choice, we'd have spent all four nights at the hotel a little bit out of town. As it turned out, we had two nights in a hotel slap bang in the city centre, so we saw all the nightlife and the more gentle aspects of the city such as parks and the riverside walks.

We've been to Melbourne a number of times but have always stayed with friends in the suburbs. This time we were able to poke around at our leisure and it was great. The fruit and veg market is just amazing. I thought that Barcelona was the best I'd ever seen, but Melbourne's market makes it look like a local greengrocer. Similarly, we always comment on how many opportunities there are to drink coffee and eat in Brisbane, but what we have is as nothing compared to Melbourne. There's a restaurant or coffee shop every few metres and all of them are full. I can see why it's said that Australia's cafe culture originated in Melbourne.

### BACK AT HOME

Since coming back, we've thrown ourselves at the house with a vengeance, finally getting around to organising the changes we wanted to make. I've been trying very hard to get on top of the mosaic-ing of the last pillar for the water feature because its dragging on a bit and I want it finished and in the garden. It's very fiddly work now with a lot of tiles to be cut into specific shapes so it takes ages, but at least I feel I am making progress. I have to confess that the design is evolving rather than being executed according to any sort of plan, but it's turning

out well. For some weeks I've said to Reinhard that I've no idea what I'm going to do next but usually an idea has emerged eventually. In fact, I think the worst is over design-wise as I have vague ideas for ways to fill the spaces at the top. The pic will show you my progress and it's come on since the last photo I sent, hasn't it? I've done more since these pictures were taken and I've shown the pillar 'corners on' because I think it better shows the way the design flows around the sides. I only said to Reinhard today, that I wonder what am I going to do with myself when the pillar is finished and I don't have to do the hand exercises any more!

### BLUE SKIES

Our garden continues to give us lots of pleasure and even though it's the middle of winter here, it still averages around 26 degrees in the middle of the day - usually with blue skies all the way. We had a massive rainfall a few weeks ago, 200 mm or 8 inches in 48 hours, 150 mm or 6 inches of which fell in one day. It came just as the plants were starting to show signs of needing water, so it's all looking good again. One of our passion fruit vines supplies us with fruit continuously and - big excitement - a fruit dropped off the other vine. It's absolutely laden and has been for months, but the fruits only drop off when they are ripe so you have to wait until the plant is ready to give them up. The second vine is a different variety and has enormous fruit.

Our paw paw has lots of flowers that set to fruit and most drop off when they are about marble size. However, at the

moment we have one that's hanging on and is now about 15 cm long and another about fist size, so that's looking good too. We put some rocket in as well as four cherry tomato plants. It's hardly self-sufficiency, but we've already been harvesting the rocket. The tomatoes are likely to take a bit longer. I put two into a flowerbed in the sun, one in a pot in our sheltered courtyard and one in a pot in the lounge, just because I thought it would be fun to watch it develop. We were amazed at the differences in growth rate, so much so that the two from the pots have gone into the garden now. If you look at the photo, you'll see what I mean and they were all from the same batch and the same size when planted out. The one on the left was in the garden the whole time and already has flowers and baby tomatoes forming on it. The green smudge on the right, about a quarter of its size, was in the pot in the lounge. Unbelievable isn't it? I just hope I haven't stunted its growth permanently. We also have heaps of chillies coming on. I don't know what we do to them, but the plants always look as if they're on their last legs with shrivelled leaves yet keep on giving us chillies.

Well, I think that has well and truly brought you up-to-date with everything for now. Hopefully next time I write I'll be able to attach photos of the finished mosaic pillar. Best wishes to you all and I've sent Anne some patterns for easy pull on hats to keep you warm in your winter. Until next time, happy knitting.

Kind regards

Irene ■

## DIAGRAMS

# Mix 'n' match

**Angela Thornycroft** had her garter carriage chugging away in the background whilst knitting on her Knitmaster

For a long time now, I've wanted to knit a cardigan with double garter stitch (if that's what we call two rows plain and two rows purl) followed by stocking stitch and some semi-raglan shaping. My Knitmaster had to make the bulk of the garment, because I also wanted to knit a child's skirt on the garter carriage. To start work on my semi-raglan cardigan, here's how I decided to combine using both machines. First of all I set up the garter carriage to knit the welts at Tension 7. For the body and sleeves, I'd transfer to my Knitmaster machine and needed Tension 9 to give me 25 stitches and 37 rows to 10 cm, 4 in. Other club members wanted the pattern too, so to fit bust size 85-90 [95-100, 105-110] cm with the garment measuring 100 [110, 120] cm, I drew out the block shown here (see Diag. 1).

## BACK

**Welt** 26 rows at Tension 7 on garter carriage 63/63 [69/69, 75/75] sts. Move work to Knitmaster machine and change to Tension 9.

**Hem to armhole** Knit straight to RC 170 (46 cm) and adjust for length here if required.

**Armhole raglan shaping** Set RC at 000.

**All sizes** Cast off 4 sts at beg of next 2 rows. Cast off 3 sts at beg of next 2 rows. RC shows 004.

Using treble transfer tool (dec 2 sts at each end and K 4 rows) 5 [7, 9] times in all. RC shows 14 [18, 22] and there are 45/45 [47/47, 50/50] sts. Now K straight to RC 81 [88, 100]. Set RC at 000.

**Shoulder shaping** Set machine to hold and push 8 Ns at left to HP, K 1 row.

Push 1 more N at left to HP and 8 Ns at right to HP, K 1 row. Push 1 more N at right to HP. RC shows 002. Rep last 2 rows once. RC shows 004. Push 9 Ns at left to HP, K 1 row. Push 1 more N to HP and 9 Ns at right to HP, K 1 row. Push 1 more N at right to HP. RC shows 006. Remove 22/22 sts on WY.

## FRONTS

Work as for Back on 0/63 [0/69, 0/75] Ns at left for Left Front and at right for Right Front.

**Armhole raglan and neck shaping** Set RC at 000. Cast off 4 sts at beg of next row, K 2 rows. Cast off 3 sts at beg of next row, K 2 rows. RC shows 004. Now refer to and using treble transfer tool dec 2 sts at armhole edge and cast off 2 sts at neck edge on RC shown on chart. (I think this is easier to follow than saying 'dec 2 sts at armhole edge every 4 rows 9 times and at the same time dec 2 sts at neck edge every 9 rows 11 times.)

K 1 row. RC shows 100.

**Shoulder shaping** Work as given for Back on shoulder edge only.

## SLEEVE

**Cuff** 30/30 sts. K 30 rows on garter carriage at Tension 7. Move work to Knitmaster machine and change to Tension 9.

**Shape sides** (Inc 1 st at each end, K 5 rows) 24 times. RC shows 120 and there are 54/54 sts. (Inc 1 st at each end, K 6 rows) 6 times. RC shows 156 and there are 60/60 sts.

**Armhole shaping** Set RC at 000. Cast off 4 sts at beg of next 2 rows. Cast off 3 sts at beg of next 2 rows. RC shows 004 and there are 53/53 sts. (Cast off 2 sts at each end and K 3 rows) 14 times. RC shows 046 and there are 25/25 sts.

(Dec 2 sts at each end and K 4 rows) 5 times. RC shows 66 and there are 15/15 sts. With carriage at left, set carriage to hold and push 4 needles at left to HP, K 1 row. Push 1 N at left to HP and 4 Ns at right to HP, K 1 row. Push another 4 Ns at left to HP and 1 more N at right to HP and K 1 row. Push 1 more N at left to HP and 4 more at right to HP, K 1 row. Finally push 1 more N at right to HP and push all Ns at left to UWP. K 1 row. Cancel hold and K 1 row. Carriage is at right. Leaving an end five times the width of work and then remove sts on WY.

**Note** This bit of shaping gives a nice curve at the sleeve head and next the bands are knitted in three pieces (back neck, button band and buttonhole band).

## BUTTON BAND

Cast on 189 sts and K 18 rows on garter carriage in K 2 P 2 rib. (Use Card 2b starting with Row 2 and elongating setting.) Do not break yarn but remove work on garter bar or WY. Hang left front edge with right side facing and you need 13 Ns for welt, 110 Ns for Front and 66 Ns along 'V' neck edge. Join band by placing sts from the garter bar (or WY) into the latches and pulling sts through edge. Cast off loosely.

## BUTTONHOLE BAND

Work as given for Button Band but make buttonholes after 9 rows. I like to use 7 buttons evenly spaced.

## BACK NECK BAND

Cast on 42 sts and work as given for Button Band. ■

## FREE SERVICE

A number of readers have volunteered to give help and advice to beginners or those returning to machine knitting after a long break. If travelling distances are not too great, they may even sit with you whilst you develop some basic knitting skills. Please keep in mind that our Knitting Buddies are not trained professionals, so please don't take advantage of their generosity by overloading them with your queries. Remember also not to ask for or expect the impossible!

This is a free service to our readers, but for it to continue please understand that phoning one of Buddies at 10.00 pm for an hour-long chat is not reasonable. Do keep your calls short and if you need comprehensive advice, simply make arrangements to call back at a time that's convenient. For this service to work, do remember that co-operation is essential.

# Lady in Blue

**Dorothy Russell** likes her craft items to be functional, so this month our crinoline lady is another handy container for storing small items prettily

## TENSION

28 stitches and 40 rows to 10 cm, 4 in measured over stocking stitch (tension dial setting approximately 7). MT is used for all knitting.

*For perfect results, please check your tension carefully.*

## ABBREVIATIONS

For a list of the abbreviations we use, please turn to page 62.

## NOTES

We used knit side of knitting as right side of garment.

## TO MAKE LADY IN BLUE

**Container base cover** Work a closed edge cast on over 150 sts and K 6 rows. Place cast on edge over Ns to form a narrow hem and then K 80 rows. Remove on WY.

**Dress skirt (make 2)** Work a closed edge cast on over 150 sts and K 40 rows. Transfer every alt st on to adjacent N. Leave empty Ns out of work and K 1 row. (75 sts.) Remove on WY. Bring forward 150 Ns and with wrong side of work facing, rehang the two dress skirt pieces side by side. K 20 rows and then cast off loosely. With wrong side facing, rehang container base cover on top of dress skirt pieces placing 2 sts per N. K 80 rows. Remove on doubled length of yarn threaded through sts.

## MAKING UP

### Stage 1

**Container base** Cut squash bottle to make a 5.5 in, 14 cm depth container.

**Dress** Gently steam dress hems flat. Sew two pieces together along short edges. Trim dress with lace, over decrease row of stitches and leave aside.

**Container base cover** Draw up sts as far as gathering thread will allow and

## PATTERN RATING

Easy to knit.

## MACHINES

This pattern is written for 4.5 mm standard gauge machines. No patterning facility is required.

## YARN

Any suitable 4-ply acrylic

## NOTIONS

One metre of narrow lace for the hat and two metres of 1-inch lace for the dress

3-litre plastic squash bottle

Cardboard plus glue and weighting agent such as sand or pebbles

Sandwich bag size plastic bag and small amount of stuffing

fasten off securely. Run a doubled length of yarn through cast on edge, leaving ends long enough to tie up later. Put weighting agent in a plastic bag and place in bottom of container base. Place container base in cover with gathered stitches inside container. Cut a cardboard circle 5.5 in, 14 cm in diameter. Cut just inside of outline. Place circle on top of gathered fabric inside container, pressing firmly into place. Run glue along inside of container where edges of card circle touch sides. Place heavy object inside container and leave it to dry thoroughly. When dry, pull up drawstring at underside of container cover, drawing tight under base of container. Tie in a double bow, tucking ends inside sts. Arrange dress skirt in position.

## LID COVER

Work a closed edge cast on over 120 sts and K 46 rows. Remove open sts on doubled length of yarn.

## MAKING UP

### Stage 2

Cut a 5.5 in, 14 cm diameter circle from heavy weight cardboard. Make a mark at centre of circle and make a hole there. Make four more holes about half an inch from edge of the circle at points north, south, east and west.

**Doll** Remove legs of doll and make a hole in base of doll's torso. (This can be done either by drilling, or using a hot metal skewer.) Place doll torso on cardboard circle and push a nail or screw through hole in centre of cardboard and up into torso, making sure that holes in cardboard are placed one at front, one at each side and one at back of doll's torso. Put some glue round entrance of nail or screw and

leave to dry. Take two 1-yard lengths of yarn and double them. Tie one length round waist of doll twice, knotting securely at back. Do similarly with other length but knotting it at centre front of waist.

Thread four lengths of yarn through four holes at edge of circle, with one length from front knot into 'south' front hole and one front length to 'west' side. The back lengths should be threaded one through back 'north' hole and last one through remaining 'east' hole at side. Carefully tie each set of two ends into a firm knot, with doll's torso set centrally and upright.

Cover cardboard circle with knitted cover and gather up top edge round doll's waist. Draw up bottom edge of fabric sufficiently to enclose cardboard but leave a hole large enough to introduce stuffing to pad underside of cardboard to about half an inch deep. Close hole, securing well.

## BODICE

Work a closed edge cast on over 150 sts and K 6 rows. Place cast on edge on needles to form narrow hem. Set RC at 000 and K 20 rows. Transfer every alt st to adjacent N. Leave empty needles out of work and K 1 row (75 sts). Remove on WY. Bring forward 75 Ns and with wrong side facing, rehang work. K 10 rows. Transfer every alt st on to adjacent N. Leave empty Ns out of work and K 1 row. Remove on WY.

## MAKING UP

### Stage 3

Gently steam bodice hem flat and sew on lace if desired. Sew up edges to form back of bodice seam. Dress doll torso. With a doubled length of yarn make a strap from front to back of bodice over each shoulder.

## SLEEVES

Work a closed edge cast on over 12 sts and K 24 rows. Inc 1 st at each end of next and every foll alt row until there are 20 sts. K 10 rows. Run a length of yarn through open stitches and remove from Ns.

## MAKING UP

### Stage 4

Sew up side seam to within half an inch of top of sleeve. Draw up yarn to gather the top of sleeve. Fasten off securely. Note that sleeves are not sewn to dress and then put sleeves on doll's arms.

## PICTURE HAT

Work a closed edge cast on over 60 sts and K 80 rows. Cast off.

## MAKING UP

### Stage 5

Steam hat fabric and sew lace round all edges. Cut out a circle 3.5 in, 9 cm in diameter. Place circle in centre of wrong side of fabric. Gather all lace edges up to centre and tie a length of yarn round several times. Fasten off securely. Pull all lace edges out well to drape over brim of hat. Sew a length of narrow ribbon across centre third of underside of hat. Place a blob of glue on doll's head and set hat on top. Tie ribbons in a bow under chin.

## FAN & DANCE CARD

**Finishing touches** Dorothy has a couple of sheets of templates; one is for making the simple basket Lady in Blue is carrying and the other is the fan and dance card for the Pretty in Pink lady in the September issue. One template is for two baskets and the other gives three fans and three dance cards. They are ready-printed on quality card to cut out. The two sheets cost £1 and include full instructions for making the two baskets. The fans and dance cards need no instructions and just need to be cut out. ■

# Special reader offer

Not to be missed!

## LIMITED EDITION EVENING ELEGANCE

On special offer this month is **Evening Elegance - Ball Gowns for Fashion Dolls**. Normally marketed as individual patterns at £2.25 each, they are offered to readers as a limited edition comb-bound book with an acetate outer cover until 31st October 2008. Illustrated here, **Evening Elegance** is **Collection 4** of the seven collections in the Mini Modes Range. It includes a dress suit for a male doll and for the girls there's an evening trouser suit, harem outfit and five evening gowns plus a simple addition, which can be added to give six different looks to a gown. The seven collections cover an extensive range of garments for 11 to 12 inch teenage dolls, knitted in any 4-ply yarn on standard gauge machines. The most basic machine can be used and Dorothy is always available to help if you've bought one of her patterns. All designs can be mixed and matched to make an endless array of outfits.

To order your copy, please send a cheque or postal order for £7 (£8 if you'd also like the two sheets of templates) post free in the UK only. Please make cheques payable to **Dorothy Russell** (not Frandor Formats) and send to the address below. Don't forget to include your name and address and friends overseas should order through PayPal on the website. If you'd like more information about Dorothy's patterns, write to her at the following address and a sae would be appreciated.

# The Silver Reed Ribber

## Making the most of your ribber - Part 9

### PUNCH PIN TUCK

The ribber tends to be used mainly for ribbed welts, cuffs and neckbands but many stitch patterns can be created and this series encourages knitters to use the ribbing attachment to its fullest capacity

### PUNCHCARD MACHINES

**Sample 1** in our illustration has been knitted using Card 9 from the basic set supplied with the ribbing attachment. **Sample 2** uses Card 10 and is equally suitable. Both patterns are illustrated in the ribber instruction manual under the heading Punch Pin Tuck. **Samples 3 and 4** are taken from the Silver Punchcard Pattern Book 1. **Samples 5 and 6** are from the basic set of punchcards supplied with most Silver and Knitmaster machines. Those with other machines should have Card 2, but you will have to punch out Card 14. To save space, only one repeat of each pattern is given, so you'll need to copy them out the required number of times as stated and, if necessary, cut off the excess card at the top.

### ELECTRONIC MACHINES

Those with models 500, 550 and 560 will have the same patterns as for punchcard machines. If you have the 580, the patterns will be illustrated in the instruction manual, but you'll have to draw them out. For samples 3, 4 and 6 you only need to draw out the blank parts of the card for the slip stitches and leave the rest blank for the knitted stitches. Only draw out one repeat as shown and set the width indicator to 24. Don't forget to put in the stop and start markers in the correct positions and also a buzzer marker to remind you when the pattern repeat has finished.

### SAMPLE 1

**Punchcard machines** Put in the close knit bar and set pitch lever on H5. Bring

out to working position 30 needles on each side of centre 0 on both beds (60 stitches). With carriage at left, thread up with a smooth 2-ply yarn, set both stitch tension dials on 0 and cam lever to stockinet. Knit zigzag row and then insert comb and weights. Note the change in tension settings - main bed to 1 and ribber bed to 3. Knit 2 circular rows. Carriage is at right. Insert ribber Card 9 and lock on Row 1. Knit last circular row. Carriage is at left. Note the change of tension - main bed to 3 and ribber bed to 4. Set side levers back to V, cam lever to slip and both ribber set levers on 1. Unlock card and knit two repeats of the pattern, using side weights to keep the edges of the knitting neat. Change the cam lever to stockinet, knit 10 rows and strip off machine.

**Electronic machines** Put in the close knit bar and set pitch lever on H5. Bring out to working position 30 needles on each side of centre 0 on both beds (60 stitches). Set point cams at 29-0-29 to stop the end needles from patterning. With carriage at left, switch on machine, inspection light on and thread up with a smooth 2-ply yarn. Set both stitch tension dials on 0 and the cam lever on stockinet. Knit the zigzag row, insert comb and weights and knit 3 circular rows noting the change in tension settings - main bed to 1 and ribber to 3. Carriage is at left. Note change in tension settings - main bed to 3 and ribber to 4 and both ribber set levers on 1. Place the design sheet into the card reader, set it to Row 1 of the pattern and the pattern width indicator to the right hand edge of the pattern. Lights on No.1 right and remember the rhyme 'when knitting slip and tuck, you need a mucky duck' 580, 'dirty cup' 500, 550 and 560. No.2 light right on 580 and left on 500, 550 and 560. Turn inspection light off and set cam lever to slip. Knit two repeats of the pattern, using the

edge weights to keep the edges of the knitting neat. Change the cam lever to stockinet, knit 10 rows and strip off the machine.

### SAMPLES 2, 3 & 4

**All machines** Samples 2, 3 and 4 are all knitted in the same way as Sample 1.

### SAMPLES 5 & 6

**All machines** Samples 5 and 6 are knitted with the machine set to elongate the pattern, so a 2-row pattern becomes a 4-row pattern and the ridges become more noticeable.

### SAMPLE 7

**Punchcard machines** This sample can be knitted without a punchcard. Cast on as before, using tension settings as for the previous samples. With carriage at left, set cam lever to slip and side levers forward on •. This allows the main carriage to slip both ways across the knitting, while the ribber knits normally. \* Set main carriage cam lever to slip and knit 4 rows on the ribber. Set main carriage cam lever to stockinet and knit 2 rows on all needles \*. Repeat from \* to \* for about 60 rows. If you prefer to use a punchcard, leave four rows blank and punch two rows of holes all the way up the card. In this case, the cam lever stays on slip with the side levers back to V.

**Sample 1** – using basic Card 9

**Sample 2** – using basic Card 10

**Sample 3** – taken from Punchcard Pattern Book 1  
Repeat these 15 rows 3 times more

**Sample 4** – taken from Punchcard Pattern Book 1  
Repeat these 8 rows 6 times more

**Sample 5** – using basic Card 2  
Repeat these 4 rows 14 times more

**Sample 6** – using basic Card 14  
Repeat these 10 rows 5 times more

**Sample 5**

**Sample 6**

**Sample 7**

**Electronic machines** This sample can be knitted without a design card, but you must have the machine switched on for it to slip both ways. Cast on as before, noting the tension changes and knit the pattern as follows. The No. 1 light must be on at the left this time, as the scanner has nothing to read. \* With cam lever on slip, knit 4 rows. Change cam lever to stockinet and knit 2 rows \*. Repeat from \* to \* as required. If you prefer to use a design card, fill in one or two squares for four rows and then leave two rows blank, setting the width indicator to the edge of the pattern. The cam lever stays on slip throughout and the No. 1 light must be on the right.

**All machines** A variation of this pattern is to knit the four rows slip in one colour, then change to contrast for the two plain rows. If you've any problems with stitches on the last two slip stitch rows knitting incorrectly, then use the 'P' carriage from left to right to bring the needles up to C position. This will help the stitches to knit off the needles properly. In case you've not used your 'P' carriage before, now is the time to try it out. Turn to the page in your ribber instruction book under the heading 'P Carriage' and find out what it's all about, because next month you'll be using it a lot to knit Drive Lace. ■

**Punch pin tuck is knitted on a full needle rib setting, so only fine yarns such as 2-ply, 3-ply and single ply industrial yarns are suitable**

# Popular pets

## Free of charge

Do remember that Jo is always pleased to work on special projects for MKM readers free of charge. Many of the designs that Jo has done have come as a great surprise to the recipients and she'll work on any special request from our readers. So if you've a new idea for her, please get in touch.

Don't forget that Jo will also put patterns on disk for Brother FB100 or DesignaKnit and she now offers PDF files. Although she may not be able to attend as many of the shows as she has done in previous years, all her pattern sheets and booklets are still available by (rapid response!) mail order and she loves to talk on the phone, or correspond by e-mail with fellow knitters. You can write to us at the usual address or get in touch with Jo direct and here are her contact details:

Following on from the last two months, a reader now wants to knit a sweater for her pet-loving grandson and **Jo Newton** is always happy to help

### GERBILS

Jo's delightful motifs for both electronics and punchcard machines are a firm favourite with MKM readers. (Turn to page 00 for a detailed list.)

This time a reader would like to knit a sweater for her grandson, who has just become the proud owner of his first pet - a gerbil.

Alert and gentle gerbils are extremely popular and make very successful pets where space is at a premium. This month's designs illustrate some of the typical poses of these inquisitive little rodents and can be used together or separately to please the most ardent gerbil fan. The large electronic or intarsia picture could be worked on the front of a jumper, with the repeating 24-stitch pattern above the welt and on

the sleeves. Punchcard machine owners can use the larger 24-stitch motif in the same way but complemented by the repeating design, which could also be used singly if desired. In the latter motif the nose has been Swiss darned in pink and in all of the designs the large and rather prominent eyes are worked in black. The long whiskers, which are an essential characteristic, are embroidered in cotton to complement the pictures.

## Go surfing

Many knitters nowadays are **computer literate**, but if not, there's very likely to be someone in the family with access to the Internet who is. I'm sure they'd be delighted to show how clever they are and demonstrate their equipment. Why not ask them to help you have a go at surfing the web to have a look at some of the sites dedicated to machine knitting, most of which have links pages, which can send you on a long journey to many different interesting addresses. You could always start with mine, which you will find at [www.jonewton.co.uk](http://www.jonewton.co.uk) (Don't forget, there's also the MKM magazine website at [www.machineknittingmonthly.net](http://www.machineknittingmonthly.net))

You'll find that several designers offer their patterns as **PDFs** and although the initials stand for **Portable Document Format**, I prefer to think of it as **Printout Favourite Designs!** These can sometimes be downloaded straight away, or received as e-mail attachments by contacting the designer. Imagine a knitter in New Zealand or the USA for example who wants one of my individual design sheets or booklets immediately. All they have to do is e-mail me with the request, I quote the price, which does not need to include the horrendous postal charges and they pay me through **PayPal**, which enables me to accept credit cards if they do not have their own PayPal account.

There's a link to PayPal on my website to make it easy and PayPal sorts out the currency conversion. I assemble and attach the designs and the whole transaction is done in a few hours. The patterns can be saved either to be printed out immediately or as and when they are needed. I used to think that a fax machine was as near magic as we could get, but PDFs really beat all. By the way, to read PDF files it is necessary to have the **Adobe Acrobat program** which is on most computers, but can be downloaded **FREE** from [www.adobe.com](http://www.adobe.com)

## Mock rib instructions

Used for welts, cuffs, neckbands and other edges on single bed machines without a ribber.

Push the number of main bed needles given in pattern to working position. Push every alternate needle back to non-working position for a 1x1 rib or every third needle back to non-working position for a 2x1 rib. It may be necessary to reduce this number by one needle at one or both edges to keep the rib even. (Increase the stitches after the mock rib has been worked to give the same number as the pattern.)

Using main tension and waste yarn, cast on and knit a few rows ending with carriage at left. Set row counter at 000. Using at least two full sizes tighter than main tension, knit the number of rows given in pattern for rib. Using three full sizes

looser than this tension, knit one row. (This loose row gives a neat fold line.) Return to two full sizes tighter than main tension and knit the same number of rows as before. Push empty needles from non-working to working position and make a hem by placing loops of first row worked in main yarn evenly along the row. Make sure that each empty needle holds a loop to prevent a row of holes across the work. Unravel waste yarn when work has been removed from machine. After garment has been blocked to size, insert a metal welt bar or thin, clean piece of wood through the hem and pull firmly downwards to draw the stitches of mock rib closer together. Set the stitches by steaming lightly on the wrong side, if pressing instructions permit.

## Quick cast-on

This method can be used not only for speed but also when the edges are either hidden or to be gathered by pulling up yarn end. With carriage at right, push alt Ns to WP. Use tension dial setting and either MY or WY as given in pattern. K 1 row. Carefully hook on the cast-on comb. Push remaining alt Ns to WP and K 1 row. The carriage is back at right. Cont as given in pattern instructions. When knitting is removed from machine, pull yarn end at cast-on edge to gather up sts or, for a straight edge, pull yarn end to remove any slack and fasten off. Your manual will describe this method of casting on although it may be called by a different name and may not use a cast-on comb. ■
